Colour Choices Please note that this chart should be used for guidance only. Whilst I have tried to reproduce the colours available as closely as possible differences between screen settings and printers mean the colours often look different here than in real life. To receive an

actual colour swatch, please contact 01732 862545 or e-mail craft.studio@virgin.net with details of which colour(s) you require (small payment may be required). Quote 'ACS' reference(s) shown to choose a specific colour when placing an order where available.
